RESPONSE AND AMENDMENT

Hon. Commissioner for Patents and Trademarks
Washington D. C. 20231.

Dear Sir,

This is a response to the Notice of Non-Responsive Amendment from the USPTO mailed July 6, 2006.

Please replace all claims pending in the previously filed amendment with the attached claims. Please note that claim 14 has been amended to conform with the changes in independent claim 13 that were previously filed (see amendment filed June 22, 2006). Specifically, the term "cooperating fasteners" was replaced with --first and second fastening structures--.

Also, please enter the attached article in support of page 2 of form 1449.

In view of the replacement claims submitted, the applicant believes that this response fully complies with the requirement under 37 CFR 1.121.

Respectfully submitted,

Richard F. Keenan, Applicant
